1. Comment. According to the present report, 81 loaded refrigerator cars entered East Germany en route from the U.S.S.R. from 1 through 20 December 1952. This flow of traffic, if continued on the same level, would add up to a monthly rate of 120 to 125 cars. This would correspond to the rate of traffic reported for November in which 129 loaded refrigerator cars entered East Germany.
